Quatro VISA Prepaid Card Update

MASTER ACCOUNTS

Quatro are pleased to announce that **ALL** Quatro VISA prepaid card holders now have access to their own **Master Account**. We are rolling this service out exclusively to our prepaid card holders.

A Master Account works in the same way as an ewallet, allowing members to store funds online in their own 'wallet'. This account is linked directly to your prepaid card in your cardholder portal on www.first-pay.com. You can transfer funds from your pre-pay card account online, to your card at any time instantly. This gives our cardholders greater control over their funds and also added security to not have too much money on their card at any one time.

LOAD YOUR OWN CARD!

All members with a Quatro pre-pay VISA™ card can now load their own cards online 24/7!

Through their card holder portal (<https://card.first-pay.com/>), members can send money directly from their bank to their card! This allows members flexibility with their funding and also gives the choice to use the card for their own purposes. These transfer options have also been adapted for use with different service providers, to help reduce transfer fees and charges to a minimum.

TRANSFER FUNDS!

All Quatro VISA card holders can now pay Quatro directly for membership & services instantly.

Operations Update

Day by day we are getting closer to the launch date for the new website, as will be during the three day Leader Conference, and we cannot wait to show you what we have done. The leaders will be the first to have it demonstrated as we will do a proper education and explanation of the new TRIPOD network structure, The new Member Plan with a total of 10 levels, the new Q4 Commission Plan, The new Quatro E-shop, The new Quatro Lifestyle site with 10 new Medicare products, health information and several delicious food recipes. A new Bio Tech site with international information's of renewable recourses, bio oils and industrial farming plus future developing of Green Energy. And there is more to it.

Manchester Conference Centre

Finally, we are continuing to plan the next conference: as mentioned in the last newsletter, this will be on the 22nd, 23rd and 24th October in Manchester and invitations and details will go out to our leaders in the near future. The conference centre itself has a very reasonably priced hotel attached to it and we have negotiated some great special discounts for leaders who wish to stay, there are also many other high quality hotels nearby for anyone who wants to make more of their stay or extend their time in Manchester to enjoy the local attractions.

Remember The Leader Conference is for qualified members only, whom have skills and work records for their Quatro work, and have after their written request for attending this conference been invited. If you have the qualities you believe we need and therefore wish to attend please email us on conference@quatroservices.co.uk and tell us what kind of skills and experience you have, plus why we should invite you. You can be a new or already long term member, the importance for us is we reach those whom wish to bring Quatro forward and work close with the management into the future.

Many thanks ,
Quatro service team.
